First in the world

**SMART FOAM TECHNOLOGY**

Smart Foam Technology in the World Only at XPRIME!

Smart Foam Technology is valid in Bulk Foam Models and takes the form of a special seat for you with special Molecular particles. Be it Gamer or Business, your best teammate is your seat. Prolonged sitting positions bring severe health problems.

**What is Smart Foam Technology?:**

As Xprime, we produce our own sponge, so we offer unique and high-quality sponge technology to Xprime Gaming Chairs. Cast sponge technology has 0.90mm steel material on a Steel Construction skeleton. For this reason, XPRIME seats do not collapse, warp, or break. Perform small shaping in accordance with your body anatomy with the special molecular gas performed as an extra with Smart Sponge. Your body will fully adapt to your anatomy in 30 days and 8 hours of use per day.

If you are an Orthopedic and Physiotherapists, you can reach Xprime Gaming Chairs on our website Xprime.com.tr.

**Name of the comfort:**

SMART Foam
We Introduce Quality to the World

OPENING TO THE WHOLE WORLD

Easy Set-up
Xprime is Turkey’s Leading Gaming Chair Brand and is Turkey’s Domestic and National Brand. XPRIME, which exports Turkey to 32 countries together with Amazon, has also given dealerships in Germany, Hungary, Qatar, Ukraine, Dubai, Greece and London and is growing rapidly day by day. We proudly represent the Xprime Brand all over the World, and as Xprime, our paths may cross while you are wandering around the world.

Your Presence; It is the biggest story of our growth.
